ALLOWANCE

1. Claims 2-6, 8, 9, 12, 13, 19, 20, and 23 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Barton (US 2002/0059093) discloses a matrix that conveys a relationship among a plurality of elements subject to at least one process and assigned to at least one actor; however, Barton does not teach or suggest that the displayed interactions define a sequence by which to complete the plurality of processes and information that is to be passed between the organization and the supplier and that the matrix populates at least some intersections between the mapped plurality of processes and the mapped plurality of elements with the actor responsible for the corresponding process and the one or more elements subject thereto. This combination of limitations is deemed to be novel over the prior art of record; therefore, claims 2-6, 8, 9, 12, 13, 19, 20, and 23 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
